578	<p>SHIPPER LOAD OR CONSIGNEE UNLOAD</p> <p>1. In lieu of pickup or delivery service as provided in Item 750 and when convenient for Customer and Carrier, Customer may load/unload Carrier's trailers or vehicles, under the following conditions:</p> <p>A. Shipper Load: When prearranged with Carrier's local operations, Carrier will spot or drop trailer at Shipper's loading facility so Shipper may load the trailers or vehicles at its convenience. Any discrepancy on those shipments tendered under the Shipper Load and Count arrangement will be handled in the following manner:</p> <ol style="list-style-type: none"> 1. At pickup, Carrier will include "SL&C" on the Bill of Lading, indicating that Shipper counted and loaded the shipment without Carrier's driver observation. Shipper will properly block and brace the freight. Carrier's failure to note "SL&C" on the Bill of Lading will not affect the liabilities of the parties, if Shipper has in fact performed the counting and loading without a representative from Carrier observing. 2. Carrier will provide seals for security purposes to Shipper when requested. Failure to seal a load will not affect the terms and conditions outlined in Item 578. 3. Carrier will attempt to notify Shipper's representative by auto-fax or email of any exceptions within 24 hours of first unloading provided Shipper has supplied Carrier with an email or fax. This will not include weekends or holidays, in which case such notice shall be provided within 24 hours following the next business day. Carrier will not be liable for uncountable palletized orders, picked up and delivered with wrap intact. 4. Shortage claims filed will be thoroughly investigated. Carrier will work with Shipper to use overages, as mutually agreeable, to offset their liability on valid claims. 5. Except as otherwise provided, Carrier will accept liability for any loss or damage to product that has not been properly reported as lost or damaged by Carrier unless the loss or damage is one of the concealed nature. In this respect, Carrier and Shipper agree to settle concealed damage claims, reported within 15 days of delivery, based on supporting facts and merits of the investigation. 6. Carrier can be responsible for handling units only as applicable and to the extent that a piece count can be verified. Individual item numbers and P.O. shortages at delivery shall not be deemed as shortages against Carrier when the handling unit count matches the amount properly reported as received on the SL&C trailer. 7. Carrier agrees not to decline liability of claims just because the Bill of Lading is noted "SL&C." Carrier will provide a clear proof of delivery, a properly reported exception, or payment of the claim. Shipper agrees not to file claims when discrepancies have been properly reported. All terms and conditions of the Bill of Lading contract, which are not inconsistent with Item 578 herein, will apply. 8. Freight claims liability is subject to limitations as defined in FXF 100 Series Rules Tariff or liability terms of the signed Transportation Agreement in effect at the time the shipment is tendered. 9. Shipper agrees that it will not utilize Carrier equipment for any use other than the express purpose of Item 578. Upon receipt of the trailer, the trailer and its contents become the responsibility of Shipper. Precautions must be taken as necessary to protect the equipment and its contents from theft, damage, or other hazards. At all times while Carrier equipment is in Shipper's possession, Shipper shall maintain a custodial inventory of Carrier equipment and immediately notify Carrier in the event any equipment is unaccounted for, lost, stolen, or otherwise missing. 10. Shipper agrees that it will accept liability for any and all damages occurring to Carrier's equipment, or for the loss of Carrier's equipment, while in Shipper's physical possession, other than normal wear and tear or an act of God. Shipper will promptly reimburse Carrier for cost of repairing or replacing such equipment. <p>B. Consignee Unload: Carrier will drop or spot trailers or vehicles at Consignee's facility so the receiver may unload the trailers or vehicles. Any discrepancy on those shipments tendered as Consignee Unload will be handled in the following manner, unless a separate agreement is already established and signed in place:</p> <ol style="list-style-type: none"> 1. Carrier agrees to spot or drop trailers or vehicles at Consignee's place of business for the purpose of Consignee to complete the unloading process. 2. Consignee agrees it will not utilize Carrier's equipment for any use other than the express purpose of Item 578 herein. Upon receipt of the trailer, the trailer and its contents become the responsibility of Consignee. Precautions must be taken as necessary to protect the equipment and its contents from theft, damage, or other hazards. At all times while Carrier equipment is in Consignee's possession, Consignee shall maintain a custodial inventory of Carrier equipment and immediately notify Carrier in the event any equipment is unaccounted for, lost, stolen, or otherwise missing. 3. When Consignee fails to report to Carrier's local service center that equipment is empty and available to Carrier for removal, it will be subject to detention rules and charges. 4. Consignee will accept liability for any and all damages occurring to Carrier's equipment, or for the loss of Carrier's equipment, while in its physical possession, other than normal wear and tear or an act of God. Consignee will promptly reimburse Carrier for the cost of repairing or replacing such equipment. 5. Carrier will provide sealed trailers with Carrier's seal number documented for security purposes. Failure to seal a load will not affect the terms and conditions outlined in this item. 6. Carrier or its agent will provide two (2) copies of the delivery manifest that will serve as delivery receipt and a discrepancy reporting form for each shipment in the trailer. Upon receipt of the trailer, Consignee will sign and date the delivery manifest. Consignee's signature on the trailer manifest represents receipt of the trailer, contents, and condition of contents unknown. Carrier or its agent will retain a copy of the signed trailer delivery manifest to establish the date that the trailer was dropped for Consignee unloading. 7. Consignee agrees to notify Carrier by fax or email of any exceptions of their provided copy of the trailer manifest, within 24 hours (not including weekends or holidays) of the trailer being dropped. Carrier shall not be liable for exceptions reported after 24 hours of trailer being dropped. <ol style="list-style-type: none"> a. Any instance of short or damage must be noted on all copies of the delivery manifest as the trailer is unloaded. b. Instances of "No Bill" (freight with no bill) should be telephoned to Carrier's delivery service center or agent immediately for resolution. Consignee will record "No Bill" exceptions on all copies of the delivery manifest, showing the shipper of the goods, the number of pieces received, and a description of the freight, as well as any markings such as purchase order or shipper number that might be on the freight. c. Overages should be recorded on all copies of the delivery manifest. Consignee will record the number of pieces over and a description of the freight. d. Mis-sorts (freight not marked for Consignee) must be recorded on all copies of the delivery manifest and must be returned to Carrier or its agent when the empty trailer is picked up.

To request FedEx Freight Volume Services, Customer must provide details of the shipment, which may include the origin, destination, commodities, equipment type required, and pickup and delivery requirements. If the shipment is accepted by FedEx Freight Volume Services, the Volume Services quote shall have a specific quote number, setting forth the charges, terms, and conditions of the transportation services for either a single shipment or multiple shipments within an effective date range. The terms and conditions of the quote, including the agreed-upon charges and cargo limitation of liability, shall control and will supersede all other pricing programs, common or contractual. 3. However, <ol style="list-style-type: none"> A. When the TLS rate is not available, the Volume Services quote will be honored with a 50% upcharge to the original quoted rate, subject to a minimum upcharge of \$453.00 per shipment. C. When Customer has two quote numbers for the same shipment, one is placed on the original Bill of Lading, and Customer requests to change to the other valid quote number, a Letter of Authority or corrected Bill of Lading will be accepted. <p>760 (Revised 1-6-25)</p>	<p>MONEY-BACK GUARANTEE (Unless otherwise provided, this item is not applicable to shipments using FedEx Freight® Economy service.)</p> <ol style="list-style-type: none"> 1. For shipments tendered on or after September 15, 2003, upon request and subject to the terms and conditions of this Money-Back Guarantee, Carrier will, at its option, refund to Customer or credit Customer's account the transportation charges, including optional or additional service fees and charges requested by the debtor at the time of service and fuel surcharges, if Carrier fails to deliver a complete shipment by 11:59 p.m. (local time) on the scheduled delivery date, subject to certain exclusions. After 5:00 p.m. (local time), deliveries are late only when Consignee's receiving department is closed. 2. Eligibility: The Money-Back Guarantee covers all less-than-truckload (LTL) FedEx Freight® Priority direct shipments originating from and destined to all points in the 48 contiguous United States that are rated per the current FXF PZONE or FXF 1000 rates scales, or the current FedEx Freight® box pricing and are shipped pursuant to the current FXF 100 Series Rules Tariff. Shipments in lanes subject to frozen tariffs or rates, or foreign tariffs or rates, are ineligible for the Money-Back Guarantee. 3. Pickup: Shipments picked up no later than 5:00 p.m. local time (check with the local service center, as cut-off times may vary by shipping location) will be delivered by the scheduled delivery date. Money-Back Guarantee does not include missed pickups. The scheduled delivery date will be based on the date the pickup actually occurs and not on the date that the pickup was scheduled to occur. 4. Deliveries: The scheduled delivery date for limited-service ZIPs reflects the day(s) of the week delivery service is planned (i.e., daily service to limited-service points is not available—go to fedex.com for transit times on limited-service points). Deliveries requiring appointments are eligible for the Money-Back Guarantee if the appointment is set for the scheduled delivery date. Carrier does not, however, guarantee an appointment delivery time for shipments on the scheduled delivery date. For a complete list of limited-service ZIPs, access fedex.com/content/dam/fedex/us-United-states/services/limitedservicezip.pdf. 5. Money-Back Guarantee filing process: Customer may request a refund for Carrier's failure to meet the scheduled delivery date by submitting a request through Carrier's website or voice response unit (VRU). Customer's complete and accurate request must be submitted to Carrier within fifteen (15) calendar days after the date of invoice. If Customer paid by credit card, cash, check, or money order, the request must be made within fifteen (15) calendar days from the ship date. If Customer's refund request is denied, Customer may appeal the denial by submitting an appeal request through Carrier's website or VRU within five (5) business days immediately following the date of Carrier's original denial of the refund request. 6. Limitation: At the sole discretion of FedEx, the Money-Back Guarantee may not be honored when the request is made by, or the information utilized to determine the status of the shipment is determined by, a third party other than the payer of the charges. 7. Refunds and credits: If Carrier determines that Customer is entitled to a refund, Carrier will issue a refund or credit to the debtor only. If Customer has paid the invoice, Carrier will issue a refund to Customer for the applicable transportation charges. If Customer has not paid the invoice, Carrier will adjust Customer's invoice to indicate that no charges are due for the specific service failure. Carrier will not issue refunds or credits to third parties and/or agencies. Cash, non-credit, and credit-hold customers are eligible for the Money-Back Guarantee. However, if Carrier determines that Customer is entitled to a refund, Carrier will not provide an automatic refund. Instead, Carrier will call Customer to apply the refund to Customer's credit, if applicable. 8. Exclusions: The Money-Back Guarantee does not apply to the following shipments: <ol style="list-style-type: none"> A. A freight validation fee of \$38.00 per occurrence will be applied to any freight bill where an adjustment to linehaul and/or optional and additional service fees and charges has been made due to an inspection. This charge will be in addition to all other lawful charges. Any right Customer might have to damages, refunds, credits, recovery of reliance interests, disgorgement, restitution, injunctive relief, declaratory relief, or any other legal or equitable relief whatsoever against Carrier under any cause of action arising from the transportation of any package pursuant to this tariff shall be extinguished unless Customer first complies with all applicable notice periods and requirements in applicable tariffs. Timely and complete compliance with such notice periods and requirements is a contractual condition precedent to the right of any relief whatsoever, and Customer must plead compliance with those conditions precedent on the face of the complaint filed against Carrier. Carrier cannot be considered to have breached any obligation to Customer unless or until Carrier wrongfully denies a claim submitted pursuant to the notice periods and requirements contained in this tariff. Finally, Customer is required to comply with applicable notice periods and requirements even if Customer believes that such compliance will not result in relief from Carrier or if Customer lacks knowledge regarding whether such compliance will result in relief from Carrier.
