

A photograph of two women in a candle shop. They are both smiling and wearing light-colored aprons over their clothing. The woman on the left is wearing a brown patterned top, and the woman on the right is wearing a purple top. They are standing behind a counter with several large, colorful candles (orange, yellow, and red) in front of them. The background is filled with shelves of various candles and decorative items. The image is overlaid with a purple and orange geometric design.

Learn about our Environmental, Social and Governance efforts

With the goal of achieving **carbon neutral** operations globally by **2040**, FedEx is allocating an initial investment of more than **\$2 billion** in three main areas:

Vehicle
electrification

Sustainable
energy

Natural carbon
sequestration

By 2040, the entire FedEx parcel pick-up and delivery (PUD) fleet will be zero-emission electric vehicles.

Brazil

Main initiatives

Most modern fleet

- Fleet renewal: Acquisition of 400 new vehicles between 2022 and 2023
- Pioneering in the transport segment with the introduction of EVs in Brazil
- Frequent maintenance and fleet opacity testing
- Electric motorcycle pilot project

More efficient installations

- Energy efficiency through free energy market, photovoltaics, and retrofitting from conventional light bulbs to LEDs
- Cistern for washing vehicles at São Paulo station

Economic Development

- Small Business Grant Program
- Webinars for SMBs on LinkedIn

Philanthropic and volunteer programs

- FedEx Cares: Employees dedicate part of their time to volunteer actions
- Donation of blankets (produced with recycled uniforms)

Diversity and inclusion

- Diversity, Equality, and Inclusion Committee
- Affinity groups
