

# Solution Overview

Shippo provides a shipping web app to help merchants and platforms get real-time rates, print labels, automate international paperwork, track packages and facilitate returns. Shippo provides the platform to help businesses succeed through shipping.

Shippo is a web app for shipping that empowers platforms, marketplaces, warehouses and ecommerce stores with the building blocks they need to succeed. The company processes millions of shipments per month for more than 35,000 customers. With instant access to multiple shipping carriers for real-time rates, printing labels, automating international paperwork, tracking packages and facilitating returns, companies of all sizes trust Shippo to power their shipping.
