FedEx

Solution Overview

Access discounted shipping, compare rates across carriers, print USPS First Class postage and more with PitneyShip®.

PitneyShip® shipping software is designed to make it easy to ship and save, with no minimum volume requirements. Compare shipping costs and delivery dates across major carriers. Print shipping labels and stamps conveniently from your own printer. View history of all shipments in one place, so you can see status of all packages to final delivery. PitneyShip® has different plans to fit your business size.
