

FedEx Delivery Manager[®] Merchant Toolkit Guide

FedEx[®]

FedEx Delivery Manager

With FedEx Delivery Manager, your customers can take more control of when and where they receive residential deliveries. You benefit too through decreased customer service calls and fewer missed deliveries. The result? Happy customers and repeat orders that can take your business to the next level.

Key advantages for FedEx Delivery Manager:

- Notifications when a package is on the way
- Request to have a package held for pickup at a convenient location — including FedEx Office and Walgreens
- Automatic delivery notifications including picture proof of delivery
- Request to set a vacation hold
- Convenient access on the FedEx® Mobile app
