Prepare for the future with custom locker and parcel management solutions for the unique needs of your campus

## Online shopping is expected to grow in 2022 and beyond

**\$1 TRILLION**

Americans are on track to spend \$1 trillion online in 2022, according to a new report by Adobe\*

## Custom lockers deliver safe, enhanced student, faculty and staff experiences

Being able to access packages with minimal contact is important. Lockers take the guesswork out of package retrieval and elevate your campus experience at the same time. They also reduce the potential risk for theft, lost packages and free up space in the mailroom.
