Shipment Notes	ALPHA NUMERIC	240	

Notes:

- All alpha data fields are considered alphanumeric, and numeric fields are numeric only
- All column headers and values (alpha, numeric, alphanumeric) are enclosed in quotation marks (i.e. "9.65"). This is true for .csv and .txt files
- For negative values in the charge amount columns, there are five blank spaces between the negative sign and the value (i.e. -4.65")
