FedEx Ground® Economy Transit Days Calculation

FedEx Ground Economy calculates transit using a 5 business-day week

The day the package is first received at a FedEx Hub is day 0

For the purposes of determining actual transit times, we treat Saturday and Sunday deliveries, as though they were delivered on the next business day, Monday

Example of a package that is calculated as 4 transit days

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
			Package Received 0 Business Days	1 Business Day	2 Business Days	3 Business Days
3 Business Days	3 Business Days	*Package Delivered* 4 Business Days
