

How to order bulk shipping supplies

Purchasing quality shipping supplies in bulk from a brand you can trust is a convenient time-saver — it helps cut down on how often you need to check inventory and order materials.

Plus, if your store is eligible, you can use a tax-exempt FedEx account when ordering supplies. If you don't already have one, you'll need to request a tax-exempt account before you place your initial order. Simply [send an email](#) along with your tax-exemption certificate. Once you receive your new account, use that login information when you place your order.

These are some of the supplies you can order in bulk:

- FedEx® boxes in various sizes
