

## FedEx proprietary test procedures

Customers with an active FedEx account can request complimentary package testing that simulates conditions experienced when shipping through our network. We offer Testing Packages for FedEx Small Parcel Networks (formerly ISTA 6-FEDEX-A for FedEx Express® and FedEx Ground® shipments); Soft Pack Testing for FedEx Small Parcel Networks and Testing Packages for FedEx freight networks (formerly ISTA 6-FEDEX-B for FedEx Express® Freight shipments) Visit [fedex.com/packaginglab](http://fedex.com/packaginglab) to download our testing brochures.

### Submission guidelines

- **Send no more than four (4) test packages.**
- **One test app per package**
- **Maximum dimensions for freight testing: 78"(L) x 60"(W) x 97"(H)**
- **Maximum weight for freight testing: 3000lbs**
- **Include all packaging components and products in the exact configuration you'd send to a customer.**
- Accurate product and account information is needed.
- Items we do not test:
  - Dangerous goods
  - Hazardous materials
  - UN3383 or clinical shipments
  - Batteries (unless Section II IATA exemption is applied to a UN3481 shipment)
- Dry Ice is classified as a DG/HazMat, but we can test it within a package
- After completing the application form, **attach a copy to the exterior package via pouch or packing list**, then email the application to [packagingservices@fedex.com](mailto:packagingservices@fedex.com) and send your package to:
  - **Attn: Package Testing FedEx Packaging Lab 789 Progress Road, Collierville, TN 38017**
  - Results provided in 4-8 business days based on request type

### Preparing the test package

Get the most accurate test results by following the instructions below to ensure your small-parcel, soft pack, and freight shipments arrive to us undamaged. For all shipments, be sure to indicate which packaging components should be removed before testing.

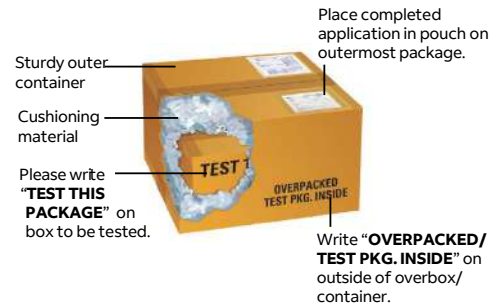

#### Freight testing- Max: 78"x60"x97" & 3000lbs

- To protect palletized freight shipments, band test packages onto an extra pallet and then overwrap with corrugated pads, angle boards or stretchwrap as shown in the diagram below.
- To protect non-palletized test shipments, send in an overbox on a single pallet. (No diagram shown.)

#### Small-parcel testing- Max: 150lbs/165" CLG\*

- Place your test package in an outer container as shown in the diagram below.
- For cushioning material, use foam, air-cellular cushioning, packing peanuts or other materials.

#### Soft Pack testing- Max: 24"x24"- 20lbs

- Place your test package with contents and empty packs in an outer container as shown in the diagram below.
- For cushioning material, use foam, air-cellular cushioning, packing peanuts or other materials.

\* Combined Length + Girth

\*\* Some conditions apply for certain packages

### Shipping costs

- Testing is complimentary, but you'll cover the cost of shipping to us, **using a FedEx service only. We will not accept shipments using any other service.**
- If requested, we'll return your package free of charge\*\* via FedEx Ground in North America, or for international customers, FedEx International Economy. Or we'll ship via the FedEx service of your choice at your expense.
- Return shipping for freight packages sent outside of North America must be covered by the customer. Packages will be shipped back to a commercial address, not to a residential address unless the customer covers the costs of shipping.
- We reserve the right to consolidate small packages into one palletized return freight shipment.

## Contact information

<b>Company name- must match FedEx account</b>		<b>FedEx account no.</b>	<b>Country</b>	
<b>Address- must match account information</b>		<b>City</b>	<b>State</b>	<b>ZIP</b>
<b>Contact name</b>	<b>Contact phone</b>		<b>Contact email</b>

-----------------	-----------------------

*If yes, what outer packaging needs to be removed prior to testing?*

Pallet	Stretchwrap
Wooden crate	Corrugated box/pad
Banding	

### I would like my sample(s) returned after test completion.

Yes	No
-----	----

## Release & authorization- REQUIRED- send copy of application to [packagingservices@fedex.com](mailto:packagingservices@fedex.com)

I release the product and packaging to FedEx for testing. I also release and agree to hold FedEx harmless for any damages or liability for loss of product or packaging submitted to the FedEx Packaging Lab. Federal, legal and regulatory requirements may prevent us from returning certain commodities. For safety reasons, we cannot return packaging that contains leaking products or broken glass.

I agree to the terms stated above.
